Business Networks

In today's competitive marketplace, it makes sense to learn from the experiences of others in the industry.

When asked why they joined, Members said:

- Obtain knowledge and skill (100%)
- Improve company performance (98%)
- Improve organization of professional life (96%)

When asked why they continue their membership, answers were:

- Obtain knowledge (100%)
- Improve company performance (99%)
- Enhance commitment to performance (95%)*

Your Co-Pilot To Success

As a member of Business Networks, you'll get what you came for. Each business network is made of non-competing business owners from the US and Canada, who observe and evaluate each other's companies, then work together to learn from successes and to generate solutions to problems. Networks are made of sixteen or fewer businesses of similar size, orientation and annual volume.

What is your vision? Whether you would like to grow, stabilize or sell your business, Business Networks will provide the tools, resources and knowledge base you need. We work on your business, not in your business.

Business Networks helps you get to your next level!

Matching the right SBA loan with the right business is what we do

We've crafted a dedicated process to help our community of businesses get approved for the SBA program that's right for them.

- **The SBA 7(a) Loan Program** is the primary program for providing financial assistance to small businesses. The terms and conditions, like the guaranty percentage and loan amount, may vary depending on each individual transaction. Loan types include standard 7(a), SBA Express, Export Express and CAPLines.
- **The SBA 504 Loan Program** helps small businesses with long-term financing for capital assets like real estate and major equipment. The intent is to provide financing for investments in facilities, expansion, and job creation.

Let's start the conversation.

An  ACCUSERVE Company

JOIN OUR NETWORK AND EXPAND YOUR BRAND

Every year, we partner with experts like you and the largest insurance carriers in the country to help tens of thousands of families who have suffered property damage. We will work with the adjuster, create the estimate, and also build a defensible file so you can focus on the insured.

When you join the CodeBlue network, you're also being welcomed into the Accuserve family. Accuserve is the parent company of CodeBlue, Madsky, and Accuwin, three leading managed repair companies that specialize in interior and exterior restoration. Having access to multiple networks will create the opportunity to go beyond water mitigation and offer roofing and windows services.

Benefits of Joining Our Network

Access to Multiple Networks

There is no cost to join the network or an annual subscription fee. You'll also have access to our sister networks so that you can offer more services to homeowners.

A Competitive Advantage

Our property restoration networks will give you claim opportunities that your competition won't have.

Performance Based Referrals

We work with both independents and franchises. How well you take care of the policyholder matters more than the size of your business.
